NOTES FROM SANDIA PEAK

Because of the excellent support by residents, Sandia Heights Security Patrol will expand its hours to approximately 65 hours per week on a varying schedule with emphasis on weekend nights. Sandia Peak encourages your continued support in order that the service can continue to expand and improve.

The ballfield/playground area has been closed to all motorized traffic, (cars, trucks, motorcycles, etc) in order to provide a safer area for the children to play. Your cooperation is appreciated.

Tramway Blvd. south of the 4-way to Montgomery has become a disaster, the County claims it is a priority item on the 1979/1980 maintenance budget. You can help assure this and possibly influence an earlier date for re-surfacing and striping the road by writing or calling Juan Vigil, County Manager; Robert Hawk, County Commission Chairman; or Ray Simmons our areas County Commissioner - or all three. Let them hear from you, it is worth the effort. Mailing address: County Managers Office, 620 Lomas Blvd. N.W. Albuquerque, New Mexico 87102.
